

The Core Program

Chemistry and Physics Assessment Form

Enrollment for Chemistry and Physics is limited to students who are at least 15 by October 1.

Fill out this form and bring it with you to the assessment along with paper, eraser, and several pencils.
Calculators are optional, but recommended.

Current Science Curriculum _____ Level of Mastery _____

Chemistry and Physics Assessment Information

The assessment for entrance into Chemistry or Physics will test students' ability to:

- simplify expressions with multiple terms including numbers, variables, radicals and exponents
- evaluate expressions with one or more variables
- identify the slope of a line from a graph
- simplify rational expressions using cross-cancelling
- determine variables from a word problem
- rearrange equations to solve for different variables
- determine units of an answer
